SAKSHI HASTE

UI/UX DESIGNER | PRODUCT DESIGN • SAAS • WEB & MOBILE

Pune, Maharashtra | sakshihaste1008@gmail.com | +91-8329019729 | Portfolio | Behance

PROFILE

UI/UX Designer with 3+ years of experience designing end-to-end digital products, from research and user flows to high-fidelity UI and prototypes in Figma, across civic-tech, healthcare, real estate, SaaS, and NGO domains. Experienced in leading design direction and small teams, with work spanning dashboards, role-based workflows, websites, and mobile apps, including a government platform adopted citywide.

SKILLS

- UX Process: User Research, User Flows, Information Architecture, Wireframing, Prototyping, Usability & Accessibility
- UI & Visual Design: High-Fidelity UI, Design Systems, Typography & Visual Hierarchy, Responsive & Mobile App Design
- Product Design: SaaS Product Design, Admin/Super-Admin Dashboards, Role-Based UX
- Brand & Content: Brand Identity, Social Media Design, Graphic Design, Video Editing, Visual Content
- Tools: Figma, FigJam, Adobe XD, Sketch, Photoshop, Illustrator, Premiere Pro, After Effects, Canva, Framer, Miro, ProtoPie, HTML/CSS, SAPUI5 (basic)

EXPERIENCE

Design Lead — Dec 2025 – Present

Globuzz

- Rejoined to lead UI/UX design direction as Globuzz repositions toward AI-first products, overseeing design quality and decisions across internal and client work.
- Lead a small design/content team end-to-end, from UI direction through delivery, alongside hands-on design, brand, and video work.

Earlier at Globuzz: UI/UX Designer & Digital Lead (Jan 2023 – Aug 2023) — partnered with developers to optimize UX for a client website, contributing to a 30% increase in website traffic.

Freelance UI/UX Designer — Mar 2021 – Present

Independent — SaaS, Civic-Tech, Healthcare, Real Estate & NGO Clients

- **Bhoomi Foundation:** Owned end-to-end UX (research, wireframes, high-fidelity UI, prototyping) for the admin and super-admin dashboards of this **government-affiliated** smart waste-management platform, RFID-tracked collection fleet plus a citizen app for complaints, attendance, and driver contact. Took over after the client rejected an earlier developer-led design; delivered a design-system handoff and A/B testing plan over an 8–9-month engagement, now live and adopted across most households in its pilot city.
- **SchooliAT:** Designed end-to-end UI/UX for a school ERP platform, admin and super-admin dashboards now live in production, plus initial teacher/student portal and admin mobile app designs.
- **MR AI Homes 360:** Designed the UI/UX for this real estate platform's website; also directed/helped shoot and edit its 360° virtual property tour, and helped shape the brand mascot alongside AI-assisted video work.
- **NGO Clients (Vendicto Pharma Foundation, Shashi Dream Foundation):** Redesigned websites and led digital strategy for two NGOs, improving navigation and IA for one and co-managing a complete digital overhaul for the other, growing visibility, donor, and volunteer engagement across both.
- **Other Clients:** UI/UX & web design for SaaS, dashboards, and healthcare/dental clients; ongoing brand and creative design for FundedHive, an international prop-trading firm; up to 18% traffic growth for select clients.

Packaged App Development Associate — Feb 2024 – Sep 2025

Accenture

- Improved UI/UX for enterprise SAP-based applications within cross-functional delivery teams, translating enterprise workflows into usable front-end screens.
- Built and tested UI components using SAPUI5 and HTML/CSS, and worked within enterprise-grade design constraints across distributed delivery teams.

UI/UX Designer & Brand Lead — Sep 2023 – Jan 2024

IFT Media

- Led the end-to-end redesign of the website and social presence for Kiosk Kaffee, a pan-India coffee chain, driving a 15–20% increase in website traffic and stronger brand consistency.
- Worked across client projects spanning website design, branding, social media, and digital experiences, delivering on-brand visual systems and interfaces while contributing to improved engagement and user retention.

CASE STUDIES & CONCEPT WORK

Kora — Personal Healthcare Records App: End-to-end UX case study; has drawn acquisition interest from prospective buyers after positive reception on Behance. View on Behance

DataAssist — AI-Powered SaaS Dashboard: Independent UX/UI concept for a SaaS admin dashboard; a startup has since approached me about adapting it for their product, and we're currently exploring changes together. View on Behance

First Touch of Trust — Authentication UX: Design exploration on trust-driven authentication flows; published in Bootcamp on Medium. Read on Medium

BizzyBee — Kids' Business Education App (Mobile): Designed end-to-end mobile UI/UX, onboarding, shop simulation, pricing, order and earnings dashboards, for a gamified app teaching business concepts to kids aged 6–12.

EDUCATION

B.Tech, Electronics & Telecommunication Engineering — CGPA 8.08 — 2018 – 2022

Government College of Engineering, Nagpur • Narayana Vidyalayam (2016–2018) • Mount Carmel Convent High School (2016, CGPA 9.6)

ACHIEVEMENTS & LEADERSHIP

- Led the design team for college fests (Adhyaaya, Oranz, Ravic), owning UI/UX for event websites and promotional materials.
